

## GOULD HOT AFTER FISHER

Charges Former Manager of Passenger and Power Company With Fraud.

### FISHER'S SUIT ANSWERED

Court Asked to Make Fisher Disgorge Bonds Alleged Have Been Fraudulently Issued.

(Special to The Times-Dispatch.)  
PETERSBURG, VA., May 4.—George E. Fisher, Charles Hall Davis and Philip Rogers filed a suit in the Hastings Court of this city about one month ago against the Virginia Passenger and Power Company and the Southside Railway and Development Company, to compel the company to substitute coupon bonds for the flat bonds of the Southside Company, held by them amounting to about \$20,000. To-day Messrs. John Redwood, W. A. Marburg, Douglas H. Thomas and numerous other lawyers, Messrs. Munford, Hinton, Williams and Anderson, of Richmond, in the Hastings Court of this city, filed an answer and cross-bill in the above, in which the bondholders asked the court to require the 30 printed bonds of the Southside Railway and Development Company, executed in 1901, and held by Messrs. Fisher, Rogers, Davis and others, to be delivered up and cancelled.

**FRAUD CHARGED.**  
The cross-bill, which covers fifty pages, gives an elaborate history of the transactions relating to the issue of the bonds of the Southside Railway and Development Company beginning with the execution of the mortgage of July 1, 1899, to the Richmond Trust and Safe Deposit Company, to secure an issue of one million dollars of bonds. It is claimed that 60 of these bonds were validly issued, and that the parties filling said cross-bill are the holders of a portion of these bonds. It is then charged that George E. Fisher, of the city of New York, president of the company, and by fraud, induced the officers of the company to execute and deliver the 30 printed bonds in controversy, numbered from 611 to 1,000. It is also alleged that these printed bonds were issued without consideration and that the issue thereof was a diversion of the assets of the corporation, which had been conveyed as security for the bonds held by the complainants, and a breach of trust on the part of the corporation; and that the bonds are null and void.

**HOW THEY WERE SECURED.**  
Strong charges of fraud and collusion in securing the issue of the printed bonds are made against George E. Fisher and the Merchants' Trust Company of New York, which was the trustee in the mortgage at the time the printed bonds were issued; the Richmond trustee having been removed, and that Philip Rogers, Charles Hall Davis, Augustus Wright and the Richmond Passenger and Power Company, now holding the 30 printed bonds which are attacked, acquired the same from Fisher with full knowledge of all the facts.

The final prayer of the cross-bill is that the court will require the 30 printed bonds to be delivered up to the clerk of the court, or to a special commissioner, to be cancelled, and when cancelled delivered to the Virginia Passenger and Power Company; and that the holders may be required to refund any interest received on the same.

**JUDGMENT GRANTED.**  
On motion of counsel for the bondholders, Judge Mullen, of the Hastings Court, granted an injunction against Philip Rogers, Charles Hall Davis, Augustus Wright, George E. Fisher, Richmond Passenger and Power Company and the Virginia Passenger and Power Company, restraining them from selling, hypothecating or disposing of said bonds until the 12th day of May, 1904, when the case is set down for a further hearing on the motion for a permanent injunction and for a receiver to take charge of the bonds until the cause can be fully heard.

**A COMMISSION.**  
A statute has been found and it seems to invalidate the recent action of the Common Council providing for the transfer of voters, necessitated by the change of the boundaries of the wards of the city, and the subsequent announcement of the registrars in accordance with the Council's action. The statute approved March 1903, was the basis of the action of the Council, and it was not until the late of the Council was discovered. This latter statute provides that the Judge of the Hastings Court shall, upon the rearrangement of the wards of the city, appoint a commission to supervise the transfer of voters, and to their proper transfer, and it is probable that he will appoint a commission at once.

**DESTRUCTIVE FIRE.**  
A destructive fire broke out between 2 and 3 o'clock this morning on Lombard Street, burning the Bazaar Stables and Carriage Works, owned by Mr. J. R. Jones, and the wheelwright shop of Mr. T. E. Westmoreland, near by. The wooden building made such a heat that the department was seriously hampered in its efforts to save the property, and some of the firemen received painful burns. In a very short time the large structure was a heap of ruins, with many new buggies, wagons and vehicles and other stock. About twenty horses and mules were gotten safely out of the

## CENTURIES OLD

The disease which has brought more suffering, degradation and disgrace upon the human race is the same to-day that it was centuries ago. It is called Contagious Blood Poison, "The Bad Disease," and is given other names, but among all nations is regarded as the blackest and vilest of all human diseases. It goes from bad to worse; the little sores that first appear are soon followed by others; the glands of the groins swell and inflame, a red eruption breaks out on the body, the mouth and throat become ulcerated, the hair and eye-brows drop out, and ugly yellow blotches make their appearance, and if the disease is not checked at this stage, every bone, muscle, tissue and nerve in the body becomes infected with the poison, and from the roots of the hair to the soles of the feet there is not a sound spot anywhere. To cure this awful contagion the blood must first be purified, and nothing will do this so quickly and surely as S. S. S., which has been known for years as an antidote for the poisonous virus of Contagious Blood Poison. Mercury and potash may check it for a time, but it comes back in a still more aggravated form. S. S. S. is guaranteed purely vegetable, and \$1.00 is offered for proof that it contains a mineral ingredient. Write for our home-treatment book, and learn all about Contagious Blood Poison and how to treat it. No charge for medical advice.

Mrs. A. C. Schaffer, Great Bend, Kan., writes: I have been subject to **Headache** for over five years. I used one bottle of Hamlin's Wizard Oil as directed and have not had a headache since.

Sarah Gillespie, San Diego, Tex., writes: I have suffered a great deal with **Headache** and **Toothache**. The main building in the city of New York, in which the wheelwright, blacksmith and paint shops are located, was considerably damaged. The loss here, however, is covered by insurance. A new frame building is in the rear, and a stock of lumber and eight vehicles, was destroyed.

The rear of the stables next door, managed by S. M. Chappell, was also damaged to a considerable extent, but the loss is fully covered by insurance. The residence of Mrs. Mary M. Brown, opposite the stables, caught, but no serious damage resulted.

How the fire originated is not known, but is believed to be of incendiary origin. Mr. Jones will rebuild at once.

## OYSTER BAKE AT THE CAPE

The Federation of Labor Converted Into a Pleasure Association.

### THE BAKERS' STRIKE

John Whitehead Secures Consent to Address Convention in Interest of Jamestown.

(Special to The Times-Dispatch.)  
NORFOLK, VA., May 4.—This was pleasure day among the delegates to the State Federation of Labor in session here. A business session of only one hour and a half was held, during which time much routine matter was transacted.

To-morrow will be the busiest day of the session. The election of officers is the special order for 2 o'clock, and from the number of candidates already mentioned, the fight promises to be a lively one. Those besides President McCallum and Mr. Charles G. Kiser already mentioned are J. L. Hillier, of Newport News, and J. E. P. of Norfolk, now first vice-president of the federation. With all these candidates in the field, it now seems that President McCallum will succeed himself with votes to spare.

**MORNING PROCEEDING.**  
At the morning session Mr. James B. Casey, of the committee to see the master bakers in reference to the strike on here, reported that they had a conference with those interested, and that it was thought the difficulty would be amicably settled within a short time. Messrs. Bradley and Long, of the same committee, also spoke encouragingly of the situation.

Mr. Kiser secured the unanimous consent of the federation allowing Mr. John Whitehead, of the Jamestown Exposition Company, to address the body in the interest of the Exposition. Mr. Whitehead will deliver his address on the subject to-morrow afternoon.

Mr. John Witzel, international organizer of the Tobacco Workers' International Union, of Louisville, Ky., addressed the federation in the interest of the tobacco workers, urging the demand for the label on all tobacco.

Mr. George Woodall, of the Retail Clerks' Union, of Richmond, arrived this morning.

The federation at 9 o'clock adjourned to meet at 9 o'clock to-morrow.

**TRIPS TO THE CAPE.**

The members took cars at 11 o'clock in front of the Monticello Hotel for Cape Henry and Virginia Beach. The run to the cape was a delightful one, the cool breeze from the sea being most invigorating. At Cape Henry the convention was photographed, the old lighthouse being the background.

**OYSTER BAKE.**

After this event the party was taken in charge by Manager O'Keefe, of the Cape Henry pavilion, who served an old-fashioned Virginia oyster bake. The feature proved to be the most enjoyable of the day. Speeches were made by several members of the convention and the day passed off in a most pleasant way. The tour back to Norfolk was begun at 6 o'clock, the party arriving at 8 o'clock.

**IMMENSE FISH HAULS.**

**Fruit Tree Agent Charged With Shooting His Horse.**

(Special to The Times-Dispatch.)  
FREDERICKSBURG, VA., May 4.—The large seine at the Clifton fishing shore at Wideswater, in Stafford county, on the Potomac River, was broken up by a King and Sons of Alexandria, has been cut out. The season at this shore ended sooner than was expected, owing to trouble with the seine and handling the fish. Some of the recent hauls have been very large, the number of fish being 10,000, but the season was not a profitable one, though a large number of fine herrings were cured.

J. D. Hunter, a fruit tree agent, traveling through this section of the State, was arrested here, charged with shooting his horse, one of the bullets taking effect in the horse's eye. His excuse was that the horse was obstreperous and that each time he fired, instead of being subdued, he became more unmanageable. Hunter, in charge of a party of men, was sent to jail to await trial. On his person was found a bottle of whiskey.

**Hoal-Craig.**

**HEROISM OF TWO YOUNG LADIES**

Make a Flying Leap to a Roof in Order to Save Residence From Fire.

(Special to The Times-Dispatch.)  
SUTTON, BUCKINGHAM COUNTY, VA., May 4.—But for the daring and bravery of two girls, the daughters of Mr. Garland Morris, his beautiful residence on Oak Lawn farm would now be in ashes. The roof of the two story frame addition to the brick residence was discovered to be on fire at 6 o'clock Monday evening, Mr. and Mrs. Morris were away from home, there was no one to help and no way to get on the roof.

Miss Georgia jumped from the roof of the front porch to the sloping roof of the addition, having removed her shoes for safety and was working at the shingles when her dress caught fire.

Miss Florence, seeing her sister's danger, also removed her shoes and made the flying leap, landing safely. After assisting Miss Georgia to extinguish the flames in her clothes, they both turned attention to the roof and pulled away a large number of shingles.

Miss Elia Morris, the youngest, secured the assistance of the cook and a colored boy and handed water in buckets to the brave fire girls on the roof, and in a short time the residence was safe from danger.

Several men arrived about the time the fire was out and assisted the girls from their perilous position.

## THE BAKERY UNDER GUARD

Threats of Violence Against Seven Non-Union Bakers Who Went to Work.

### ONLY TWO SIGN THE SCALE

Republicans to Nominate City Officers for First Time in Years.

(Special to The Times-Dispatch.)  
NORFOLK, VA., May 4.—Davis Bakery, Brewer Street, is guarded to-night on account of threats of violence on the part of the striking bakers against seven non-union men, who arrived in the city to-night. This bakery is the largest in the city. The health food bakers signed the scale to-day and afterwards withdrew the agreement. Only two bakeries have signed the scale up to this time.

**REPUBLICANS ACTIVE.**

The Republican City Committee to-night appointed a committee to secure a hall for the purpose of holding a mass-meeting to nominate a candidate for Mayor and candidates for the City Councils.

It has been many years since Republicans participated in municipal elections here.

John L. Roper is mentioned as the probable nominee for the mayoralty. The Democratic City Committee, at a meeting to-night, decided to assess majority candidates \$100 and Council candidates \$75.

It was positively decided not to hold the primary on Friday, May 13th. The last primary was on Friday, said Chairman Day. The primary date and rules will be fixed at a meeting Friday night.

**MARTIN REPLIES.**

In reply to the charge that he had endeavored to use his influence with the Jamestown Exposition Company on behalf of A. T. Stroud in exchange for the latter's vote, Alvin H. Martin, in a published card to-day, says the statement is not only untrue, but absurd and ridiculous. He declares that Stroud has made so many contradictory statements and behaved generally in such a peculiar manner as to leave grave doubts in regard to his mental balance.

He declares that the statement about buying a boulevard through his property originated entirely in his own imagination and is one of the hallucinations of his mind. "I am not a member of the Boulevard Committee," says Mr. Martin. "I didn't know he owned any property and never in my life promised him or anyone else any aid in that matter. Besides, Mr. Stroud himself told a number of gentlemen in Richmond, among them Major E. W. Owens and Mr. R. H. Bagby, that the statement that I endeavored to influence him by any offer of reward was false. These gentlemen will face him with his own denial of this remarkable romance."

Mr. Stroud's reply declares Mr. Martin is noted for his proneness to raise the question of veracity and leaves the entire matter to the candid judgment of an unbiased public, "which is well acquainted with the peculiar and characteristic methods that have made Mr. Martin's name in this community a synonym of political chicanery."

**THE ST. LOUIS TRIP.**

Colonel A. M. Higgins, commanding the Seventy-first Regiment of Virginia Infantry, will go to Richmond, probably this week, with a view of meeting Governor Montague and Adjutant-General Nalle and discussing the plans for the proposed trip of the regiment to St. Louis this summer.

The Seventy-first, if it makes the trip, will carry in the neighborhood of 500 officers and enlisted men.

It is rumored that E. "Money" Ashenback, the well known ball player, is perfecting his plans for a reorganization of the old Virginia League. Ashenback, who was stated that he expected to launch another base-ball boom in Virginia this season, but he evidently regarded the prospect doubtful. Now it is reported that he is looking forward to 1905. The game has been dead in Virginia for some years, and he is inclined to believe that with proper management and control a State League can be made a paying institution.

**A SAD TRAGEDY.**

**Six-Year-Old Boy Killed by a Tree Cut Down by His Father.**

(Special to The Times-Dispatch.)  
WINTERPOCK, VA., May 4.—The six-year-old child of L. A. Eike, who lives near Holly, Va., was killed yesterday by a falling poplar tree, cut down by his father. Three of Mr. Eike's children were gathered in a field adjacent to the woods, on the edge of which the tree stood. The wind changed the direction in which the tree was expected to fall. The limb of the falling tree struck little Claude and tore the flesh from the bones of one arm and crushing it to the shoulder. Dr. H. H. Butler, who reached the scene, said the child died shortly after he reached the scene.

The father, who was within thirty yards of the house and in view of the mother and father of the little boy.

## RANDOLPH-MACON MEN INDIGNANT

Recent Action of Richmond College in Preferring Charges of Professionalism.

(Special to The Times-Dispatch.)  
ASHLAND, VA., May 4.—The feeling of indignation among the students of Randolph-Macon College at the action of the Richmond College Base-Ball Club runs high. The matter has been precipitated by the filing of a protest by the Richmond College team before the tribunal of the State League of intercollegiate clubs against two of the Randolph-Macon players, Leake and Green.

The committee has been chosen in special session in Richmond to-morrow, and consists of Messrs. Wightman, Birge, Murray McGuire, Roseboro, Chandler and Fleming.

The protest has been filed against these players on the grounds that they have played for professional baseball or are expected "emoluments" for their services. They also propose to show that certain players are retained by the Randolph-Macon team who have not come up to the requirements of class standing.

In an interview to-night with the secretary of the league, Mr. Brown stated that the players in question were two of the most studious at the college; that the charges are "trumped up," and also that the Randolph-Macon team is exceptionally strong this year.

Students of Ashland to-night said to secure affidavits in his defense to show overwhelmingly that in a game last summer in Richmond, which was a professional game, he did not receive even so much as expenses.

One of the faculty here to-night said that the faculty should by any chance be sustained by the committee to-morrow, Randolph-Macon would cancel the approaching game and insist upon playing off the championship for 1904 strictly under the rules of the constitution, which provides for the winner in the western part of the State playing the winner in the eastern part. This would immediately bring Washington and Lee and Randolph-Macon together again for a deciding game and ignore the Richmond College team.

A committee from Ashland will appear before the State Committee to-morrow with strong rebuttal evidence in defense of the crack players, and will surprise on Saturday next to "root" for the Athletics, if the game is really to be brought off.

The two base-ball nines representing the colleges are sufficiently well matched to have the foot of putting each club on its mettle. Richmond College started the season with rather poor prospects, the collection set to work to build up a team that would be able to compete with material from which to choose. Frederick and William and Mary were defeated, and the team began to hope. Then they started on a tour of the colleges of the State, and playing before unsympathetic audiences, they were beaten by the University of Virginia, the Virginia Military Institute and other places. They did bring back the scalp of Hampden-Sydney, but to compensate them somewhat for their defeat, Randolph-Macon, too, was not made the strongest showing ever made by the college boys, and it is some what better one than that of Richmond College, for the Ashland boys defeated the Virginia Military Institute.</
